HOPE FOR CATS WITH HEART FAILURE

PLEASE REFER YOUR PATIENTS TO THIS CLINICAL STUDY

We are happy to inform you that our hospital is participating in a clinical study evaluating an investigational medication for the treatment of **feline patients with heart failure**.

STUDY OVERVIEW

This is an 18-month double-blind, placebo-controlled study of a **once-daily oral liquid** investigational medication administered by the cat owner, with the goal of achieving approval by FDA.

ALL cats in the study receive Standard of Care based on ACVIM guidelines during the full duration of their study participation, which may help reduce the likelihood of certain disease complications.

PATIENT REQUIREMENTS¹

- Have had first CHF (congestive heart failure) episode in last 60 days
- Not diabetic and not on insulin
- At least 12 months of age
- Weigh at least 4.4 lbs (2 kg)
- Currently clinically stable (free of pleural effusion/pulmonary edema)
- Not pregnant, lactating, or intended for breeding

¹The full Inclusion and Exclusion criteria are available at [FelineHeartStudy.com/Veterinarians](https://www.FelineHeartStudy.com/Veterinarians).

NO-COST CARDIOLOGY CARE²

Everything required by this cardiology study is provided free to owners, including:

- Cardiac and respiratory exams
- Diagnostic tests, including echocardiogram, electrocardiogram, thoracic radiography, and systolic blood pressure
- Bloodwork, including hematology, biochemistry, total thyroxin, fructosamine, NT-proBNP
- Urinalysis

²For stable patients only, from screening forward. (Initial patient stabilization is not included in the study.)

REFERRING YOUR PATIENTS IS EASY

If you believe you have feline patients that meet study requirements outlined above, simply visit [FelineHeartStudy.com](https://www.FelineHeartStudy.com), complete the prescreening questionnaire and upload digital radiographs (if you have them) to help us determine whether your patient is eligible for screening.

The study investigator will evaluate and review qualifications for each potential candidate.
